

GHF Epicenters

GHF Epicenters are endangered GHF Sites selected by GHF's expert Advisory Board for a multi-year program of conservation planning, science, financing and advocacy using GHF's proven *Preservation by Design* methodology. GHF Epicenters are chosen for their "outstanding universal value to humankind", readiness for tourism and economic development, quality of conservation team, leadership and availability of in-country matching funding.

Acknowledgements

In the preceding pages we have invited you to explore the wonder and beauty of a select group of extraordinary imperiled ancient sites in developing countries selected by Global Heritage Fund for monitoring and advocacy in the coming decades. For a complete list of GHF Epicenters currently supported by Global Heritage Fund, see our website: www.globalheritagefund.org.

Global Heritage Fund would also like to thank the GHF Advisory Board, the Trustees for Global Heritage and other corporate and foundation sponsors for their generous support during the course of this project.

Without the invaluable contributions of **corbis** and the following photographers who donated the use of their images, this book would not have been possible:

Paul Almasy
Tom Bean
Annie Griffiths Belt
Charles David Bieber
Jonathan Blair
Tibor Bogнар
Bojan Brecelj
